In Plant Service: Wesmar's team of highly trained sanitation personnel work regularly on the plant floor of many facilities. We train the cleanup crews and QC/QA departments on the safe use of our products. The controlled use of cleaners and sanitizers is crucial in any strong HACCP program.

Wesmar representatives are very familiar with the new Global Food Safety Initiative and can help you comply.

*It is the mission of Wesmar Company, Inc., to strive for **the highest quality products, the utmost in service, and the newest techniques.** Wesmar sanitation chemicals are compounded to assure modern high standards in cleaning and sanitizing. Please consult your Wesmar representative for a program custom fitted to your operation.*
